Dear Ms. Swales:

This is to acknowledge your department's letter of July 6, 1987 relating to the hazardous substance sites and/or business organizations concerning Steve Martell et al.

We have researched all of our files at the corporate office and at each of our midwest region branch office locations and we have no knowledge of ever doing business with anyone associated with any of the 17 business organizations or 4 landfill sites that were listed and, therefore, have no documents to submit in response to your letter.

Cordially,

FLINT INK CORPORATION

  
John H. Denler, Jr.  
Assistant Treasurer
